Great news Felix,

I'll just send you an invoice for it - so sniper package with SC1. Is it an GRS or an SS?

I've put him in for early September delivery,

Cheers

Holly

Subject: First moth sold

Hi Holly,

The email battle continues... I just sold my first boat to Roland Seiler. An assassin sniper package with a c1 instead of a speedpuck. He has already advised payment to my account. Once I have received payment I will forward the money to you. Should I send you an official order on company's paper or how should I do it?

I am happy ;-)

Felix

Ps.: ronald wants the boat shipped to Berlin
